

VIA FACSIMILE (571) 273-8300

IN THE SPECIFICATION

Please add the following sentence on page 11, line 8 of the Substitute Specification submitted 7/20/05, immediately after the sentence ending in the phrase "motor 50.":

Many means of effectuating electrical communication are well-known to those of ordinary skill in the art, and one such means may be implemented through conventional wiring, as shown schematically in Figs. 2 and 8.
